The reception desk with its original form should be enough to arrange every reception hall. It is very effective in dark rooms where it is lightened from the inside and fulfills a role of a spectacular halogen. White, metal openwork wreathing subtly round the body and contrasting with the highlighted interior is a very characteristic element of the reception desk. Beautiful frontal part of the counter hides ergonomic interior with a wide desk top which allows to organize work at the reception desk without any problems.

While creating Organic we listened to the best architect — nature itself.

Organic, cubic form filled with organic shapes, takes its design straight from nature to provide a bit of relaxation in today's stressful world.

The irregular design of the reception desk stimulates the imagination. The spider web with reflecting sunlight, or perhaps cells of a living organism? The natural design is emphasised by backlighting system of fluorescent light. The final impression is completed by the glass top that gives the reception splendor and nobility.

FORO

Unique, cubist shape of the reception desk makes the character of the room very expressive. Two overlapping rectangles available in four color variants — white, green, red and orange create the front of the counter. Glitter of the frontal parts contrasts with the matt body and the desk top which can be white or chestnut. Not so big body of Foro is extremely capacious and offers enough space for essential devices and stationery.

OVO

Ovo is a multifunctional reception desk dedicated to small rooms or customer service bureaus. Due to a lowered desk top it is easy to communicate with a client in a sitting position. The common part of the desk top allows to deal with documents easily and provides trouble-free communication. The lifted part of the reception desk includes a hidden computer stand and the vertical shelf for files and documents. Apart from ergonomics the Ovo reception desk offers an interesting form connecting a white oval of the desk top with a dark rectangle of the body and the frontal part of furniture produced in two optional colors – cocoa and chestnut.
